Simple, concise, instructive and informative - Tim Heuer, Microsoft (Redmond, WA) This is a great book for someone looking to get a broad view of the Silverlight 4 platform. It is very simple to read/understand for anyone wanting to get started. The book is very illustrative - literally - to provide good visuals about each of the core concepts. At the end of reading this book and following the examples, the reader should be able to quickly start building real applications using the basic concepts. . Recommend. Handy guide for you to find specific solutions you want to achieve in Silverlight 4 - Kunal Chowdhury, a Silverlight MVP This book illustrates more than 100 features in Silverlight using a simple problem/solution approach. It takes one feature at a time and guides you in progressive journey where you begin by using the basic components, then by creating graphics and animations. You then create rich media applications on the client and web services, and delve into calling advanced Web services like AJAX, REST and WCF services from Silverlight. The...
