AFRICA NEEDS GOD S ECONOMICS: CRITICAL RETHINKING OF OUR FINANCIAL CRISIS

Createspace, United States, 2015. Paperback. Book Condition: New. Large Print. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The breakdown of Africa financial systems and the subsequent economic crisis have caused an increasing suspicion of the way things operate in the continent. Why has the African economy become so unsustainable, unfair, and unstable, with the rich getting richer and the poor getting poorer? A conversation about how the market should operate within a moral outline is needed now more than ever. Inside this book, you ll find techniques for tracking expenditures, decreasing spending, and getting out from under the burden of high-interest debt. Emmanuel explains the basics of investing in unadorned English, as well as the risks, returns, and options for popular investment strategies. He also covers ways to save for school and special events, proficient your taxes, and financially survive the screw shingle turns that life brings. Africa Needs God s Economics: Critical Rethinking of Our Financial Crisis shows that God requires a different kind of economy--both worldwide and domestically--and provides ideologies that should guide economic policy matters, including transparency, clarity, accountability, and protecting the common good against private greed. The author explores things we can all do to help fix the financial crisis for the good of Africa.
