Full Circle, New Delhi, India. Softcover. Book Condition: New. "My own vision is that the coming age will be the age of the woman. Man has tried for five thousand years and has failed. Now a chance has to be given to the woman. Now she should be given an opportunity to bring her feminine energies to function, to work. Man has utterly failed. In three thousand years, five thousand wars; this is man's record."The feminist movement started trying to imitate men so that women could be equal to men. This is both psychologically and spiritually wrong. A woman has different qualities to develop. She is not just to be a carbon copy of man; she has to be her original self. Therefore, I say, they need equal opportunity to be different and to be their own selves. And the further away woman and man are from each other, the better is the possibility of their becoming complements in the harmonious, loving relationship."
