Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 147 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.However hip you think you are as a parent, your kids are growing up in a sexual environment and culture far removed from the one you may have experienced at when you were their age. Like it or not, the information age affects every part of life, and that especially includes teen sexuality. With unprecedented access to information, sexual and otherwise, and the light-speed personal networking of the web and their smart phones, our kids are growing up faster than during any period in history. To address the teen sexuality aspect of this cultural revolution, Dave Beck and Fran Spokane present a safe, caring and meaningful discussion of sexual education that uses actual questions from middle schoolers. This self-help guide is the perfect companion for students, parents, educators, and administrators alike. Fostering a frank, open discussion with sensitivity and humor, it presents an impassioned plea to defeat self-deception and arm our children with real, in-depth, fact/science-based answers -- an approach that has proven to delay sexual activity, while reducing the incidence of STD s, teen pregnancy and yes, even enhance abstinence. They Asked You What?! can make the sex talk rewarding, humorous and life changing.
