Does Universe, emerged from the Big Bang theory? Who created the Big Bang? Was it through the theory of Charles Darwin, 1809-1882 evolutionary process from monkey to human beings? Our immense Universe, has been cause for great divergences. How did the Universe with its complexities arose? Are questioning which comes from centuries past, with greater intensity in this technological era, era of innovations, advances of science. The answer you will find in this book. Several scientific studies, have contributed in the development of Nations, never seen in the history of mankind. The author after several studies, about science God, more than twenty years, leveraging on the basis of studies, and real experiences, to present truths that can change your philosophy of thought, on this subject, which has been controversial, but it is necessary a deep analysis, attention and reflection. The author, does not discuss about religion, because he s not religious, because he understands that in some cases, religion has been the source of several separations, wars, injustices. And recognises that have good groups of people by religion, which has performed good causes to the next, as actions of generosity, and several other aid.
