P. , Physician for Diseases of the Skin at St. Marys Hospital, and at the East London Hospital for Children, Shadwell. (Continued from page 411. ) Rarity and distribution of the disease. --I have compiled a table of all the cases of which I have been able to find a record (vide appendix); I owe much of the completeness of this table to the excellent bibliography published by Blumer in his paper on the subject (Monatshefte, 1902, vol. i), where he has compiled a list of 83 cases. I have added from the literature which has appeared on this subject since that date other cases, which with Blumers 83 above mentioned make now a total of...
